## Table of Figures

Figure 1: How do you print digital photos?.....	2
Figure 2: Banner definitions (Demographics Banner) .....	6
Figure 3: Banner definitions (Digital Printing Banner).....	8
Figure 4: Demographic comparison of total respondent and those that own an DC .....	9
Figure 5: Technology ownership of total respondents and those who own a digital camera .....	10
Figure 6: Have you ever opened digital photos on your PC? .....	11
Figure 7: Sources of digital photos opened on a PC, Internet user and DC user.....	12
Figure 9 Do you own a digital camera?.....	13
Figure 10: Digital camera sensor resolution.....	14
Figure 11: Digital camera removable storage.....	14
Figure 12: How do you print digital photos?.....	16
Figure 13: Do you print digital photos at home?.....	17
Figure 14: Printers used to print digital photos at home.....	18
Figure 15: Printer ownership by different user groups.....	19
Figure 16 – How long have you owned your newest home printer? .....	19
Figure 17: What is the brand of your printer? .....	20
Figure 18: From where digital photo printers obtain their photos.....	21
Figure 19: What percent of your photos printed at home are printed in the following formats? .....	22
Figure 20: On average, how many digital photos do you print as snapshot-type photos per month? ..	23
Figure 21: What do you do with the snapshot-type photos you print on your home printer? .....	24
Figure 22: Types of paper purchased by home printers over the past 12 months .....	26
Figure 23: What percent of your photos printed at home are printed on ____? .....	27
Figure 24: What brand of photo paper do you typically purchase?.....	29
Figure 25: Where have you purchased the photo paper you use in your home printer? .....	30
Figure 26: Average number of sheets of photo paper used per month.....	30
Figure 27: Amount paid for a single package of photo paper .....	31
Figure 28: What is the size of the photo paper that you use in your home printer? .....	31
Figure 29: Frequency that photo printers print more than one photo .....	32
Figure 30: Number of photos placed on single sheet .....	32
Figure 31: The number of prints that home printers do per sitting and the greatest number of prints they have printed at one time.....	33
Figure 32: Mean and median (excluding zero) percent of photos printed at each print size at home .	34
Figure 33: Percent of home printers who print smaller than wallet size photos and percent of total photos printed .....	34
Figure 34: Percent of home printers who print wallet size photos and percent of total photos printed .....	34
Figure 35: Percent of printers who print 3” x 5” size photos and percent of total photos printed.....	35
Figure 36: Percent of consumers who print 4” x 6” size photos and percent of total photos printed..	35
Figure 37: Percent of consumers that print 5” x 7” size photos and percent of total photos printed...	36

Figure 38: Percent of DC users that print 8" x 10" size photos and percent of total photos printed...	36
Figure 39: Percent of DC users that print larger than 8" x 10" size photos and percent of total photos printed.....	37
Figure 40: Consumers' satisfaction with home printing .....	38
Figure 41: Why consumers don't print more.....	39
Figure 42: Whether photo printers can rely on their home printer to make high-quality prints for long-term archival .....	40
Figure 43: Do you print digital photos? Web study, June 2001 vs. Web study, November 2000.....	42
Figure 44: At what location do you print photos from your digital camera?.....	43
Figure 45: Digital camera users print locations, Web study, June 2001 vs. Web study, November 2000 .....	44
Figure 46: Location where future digital camera owners expect to print.....	44
Figure 47: Mean and median of digital photos printed by digital camera users per month by location .....	45
Figure 50: Would you print more photos from your digital camera than you print now if you could go to a retail location and get your digital camera prints back in one hour at the same price as film prints?.....	46
Figure 51: Can your local film processing location print photos from digital cameras?.....	47
Figure 52: Whether users and non-users' would go to retail location for prints if same as film.....	48
Figure 53 Whether DC users and future DC users would go to retail location for prints if same as film .....	49
Figure 54: The most important things retailers should offer to get digital camera users to print there .....	50
Figure 55: Internet household kiosk users, 2000.....	53
Figure 56: Internet household kiosk users, 2001 .....	53
Figure 57: How often do you use a photo per year?.....	53
Figure 58: Demographics of Photo Kiosk Users .....	54
Figure 59: Have you ever used an in-store kiosk to perform the following tasks? .....	55
Figure 60: Sources brought to upload to the kiosk Source: 2000-2001 PMA Industry Trends Report .....	56
Figure 61: Photo kiosk applications .....	57
Figure 62: Number of minutes spent using kiosk, on average .....	58
Figure 63: Prints made per visit at photo kiosk.....	59
Figure 64: Price paid per print or sheet at a photo kiosk.....	60
Figure 65: Where is the photo kiosk located that you use most often? .....	60
Figure 66: Has your kiosk experience been satisfactory in the following areas?.....	61
Figure 67: Percent of firms that feel photo kiosk service is profitable.....	62
Figure 68: Have you ever posted a photo to a photo service Web site, where you can create digital photo albums online, and invite other people to view your albums? .....	63
Figure 69: Users' Main Reason for Posting Photos to a Photo Service Web Site.....	64
Figure 70: Percent of Total Internet Users Who Have Ordered Prints Online .....	65
Figure 71: How many prints do you order per month, on average, from an online photo service Web site?.....	66
Figure 72: Consumers' preferred method of photo printing.....	66
Figure 73 Reason why respondent would choose preferred method of printing .....	67
